PROFIXA PRIVATE TRUST
PUBLIC GOVERNANCE SUMMARY
A Private Fiduciary Public Benefit Institution

I. WHO WE ARE

Profixa Private Trust is a **Private Fiduciary Public Benefit Institution** established to design, develop, and administer lawful, trauma-responsive economic uplift systems. We operate within:

- Trust Law
- Contract Law
- UCC Article 9
- Public Benefit governance principles

We are **not** a government, political jurisdiction, tribal authority, or issuer of public debt.

We are a **neutral, private institution** that provides economic healing systems to communities, families, tribes, and municipalities through voluntary private agreements.

II. OUR PURPOSE

The Trust exists to:

- Strengthen economic stability
- Improve Social Determinants of Health (SDOH)
- Reduce harm and financial stress
- Support community well-being
- Provide uplift frameworks for partners
- Develop trauma-responsive financial technologies and Engines

Our mission is humanitarian, neutral, and non-political.

III. WHAT WE DO

Profixa Private Trust designs and deploys:

- Public Benefit Engines
- Financial stability systems
- Uplift architectures
- Community stabilization frameworks
- Trauma-responsive economic programs

We support our partners through **lawful, private, contract-based collaboration** only.

Our operations are:

- Non-governmental
- Non-jurisdictional
- Non-regulatory
- Compliant with voluntary private-sector standards

IV. PUBLIC BENEFIT ALIGNMENT

All activities of the Trust are guided by:

- Integrity
- Public Benefit outcome standards
- Fiduciary duty
- Transparent purpose
- Lawful private-sector design

The Trust does **not** claim governmental authority or political power.

Instead, we function as a **private stabilization institution** whose work aligns with recognized public-benefit outcomes, including:

- community resilience
- youth stability

V. ASSET CLASSIFICATION STATEMENT

Profixa Private Trust manages and deploys certain intellectual property, financial structures, and economic uplift systems as **Restricted Fiduciary Assets**.

These assets are:

- Privately held
- Administered under fiduciary duty
- Used solely for Public Benefit mission work
- Structured under Trust Law and Contract Law
- Valued under ASC-350 and ASC-820 methodologies

This classification is **internal, lawful, and neutral**.

No claim is made that these assets represent public securities, government-issued instruments, or public jurisdictional powers.

VI. GOVERNANCE FRAMEWORK

The Trust operates under a formal **Governance Manual**, adopted by the Trustee and applied by the Cabinet.
This manual:

- Defines institutional structure
- Ensures fiduciary responsibility
- Establishes operational boundaries
- Provides Public Benefit alignment standards
- Protects the Trust, the Trustee, the Cabinet, and the public

Only the **Governance Summary** (this document) is made public.
The full Governance Manual remains an **internal governance instrument**.
